

Jerry Jones

Occupation: Council Member/ Small Business Owner

I am running for City Council because Lemon Grove needs approachable representation with leadership, business experience and an independent voice.

I helped lead our city through the Great Recession. Now in better times we find our budget in trouble, services strained, and no improvement in sight. I opposed a density zoning plan that would have overtaxed services, diverted tax dollars, and destroyed our small-town charm. I stopped a poorly planned tax increase that only offered more of the same. I have been the voice for reasonable change and inclusive planning for how we spend your tax dollars. I will work to find every savings possible, balance the budget, give the taxpayer every option, and greater say in how we spend your hard-earned dollars.

I'm a 40-year resident, home owner, business owner, volunteer and public servant. Cheryl and I raised our family here.

Join your friends and neighbors supporting my campaign: Supervisors Dianne Jacob, Greg Cox; Mayors Mark Arapostathis, John Minto, Bill Wells, Steve Vaus; Lemon Grove Councilmen Matt Mendoza; Former Mayor Mary Sessom; Former Councilmen Howard Cook, Tom Clabby: partial list.
